- Integrated Media Player: Display content directly from USB/MicroSD card
- Auto keystone , built-in 2Wx2 speaker

Compact design and long-lasting lamp life, perfect for people on the go

Extremely portable

Ultra-small form factor at only 460g weight. This tiny projector gives you the convenience to carry it everywhere you go.

Capacitive Touch Buttons

Stylish, sleek, simple design, but powerful. With a dual color coating, the ML330 is stylish designed with sleek capacitive touch buttons that are simple and intuitive.

Built-in Android™ 4.4 OS

The newly designed user interface makes ML330 extremely friendly to operate. With embedded WiFi, the ML330 allows you to directly surf the web, to install favorite apps or watch movies on a big screen without laptops.

Integrated Media Player

Without the need for a laptop, ML330 can project content via the internal 8GB memory, a USB stick, or a micro SD card.

LED light source

High-quality LED illumination provides increased efficiency to maintain consistent brightness, superior colour performance and instant on/off. LEDs also deliver an extraordinary life span of up to 20,000 hours.

Wireless Connectivity

Connect the devices wirelessly through integrated Wi-Fi and Bluetooth devices.

WiFi Screen Mirroring

Connect a laptop/ tablet/ mobile via WiFi and mirror the content of your devices to the big screen. Ideal for streaming movies, viewing documents and photos stored on the mobile device.

Auto keystone & built-in speaker

Digital keystone correction helps ensure the projected image will always fit the area you are projecting onto. The ML330 also integrated 2-watt x2 speaker for ease of use.
