

X395 *Bright and Feature-Oriented Companion*

- High brightness 3900 ANSI lumens
- Vertical auto keystone
- Four corner adjustment
- Powerful 15W speaker
- Built-in USB reader and USB display
- WiFi & LAN display
- Split Screen function

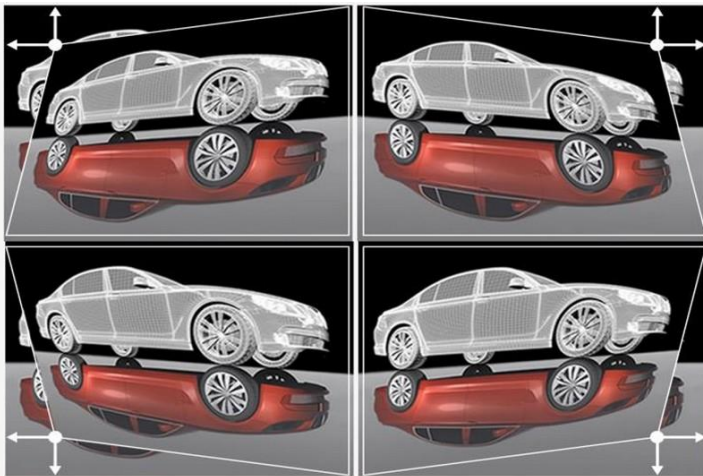

Auto Vertical Keystone

Adjust the vertical image angle to project a perfect square image automatically. Auto keystone correction makes it easy to set the screen configurations from a variety of locations.

4 Corner Adjustment

By individually adjusting each corner of the image, our 4-Corner Adjustment eliminates any crooked or distorted images in off-angle or restricted space installations for that perfect picture.

Wi-Fi display

Inserting an optional mini Wi-Fi dongle allows you to connect to your laptop, tablet, or mobile wirelessly and mirror the content of your devices to the big screen.

Split Screen

Through our free app, the HDCast Pro, projecting up to 4 images simultaneously from different images sources can greatly improve the efficiency of the meeting.

USB Reader

With built-in USB reader, viewing documents and photos directly from a USB thumb drive without the need for notebook attachment. Bringing more convenience to the presenters.

✓ Photos and documents only.
✓ File format support:

	File Size
PDF	Up to 75MB
MS Word	Up to 100MB
MS Excel	Up to 15MB
MD PPT	Up to 19MB

USB Display

Connect your mobile device directly to the projector by using a single USB cable to share your documents or photos to the big screen. (Android, IOS only)

LAN display

Via LAN connection, up to four computers can be connected to one projector.

Sketch Function

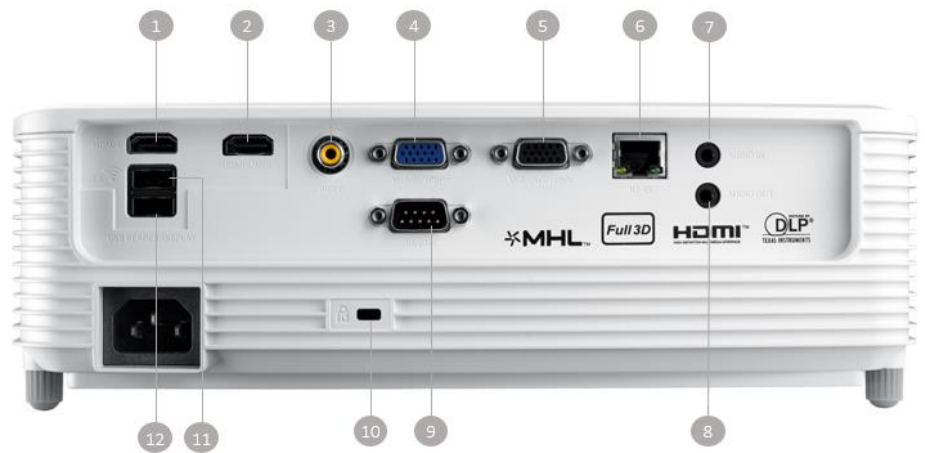

Through our free app, the HDCast Pro, marking your shared content at your fingertips for effective interaction.

Powerful 15W speaker

A powerful integrated 15W speaker allows your content to be heard clearly and is easy to set up without the need for costly external speakers.
